I- Choose the correct answer: (1.25 pts/ correct answer)

- To set the distance between letters, we update the property:
 - Letter-distance.
 - Letter-spacing.
 - Word-spacing.
- The attributes rows and cols are used in the element:
 - Table.
 - List box / combo box.
 - None of the above.

3- _____ is the distance between a container border and its content:

- Padding.
- Margin.
- None of the above.

4- To display message inside HTML document, we use the JavaScript statement:

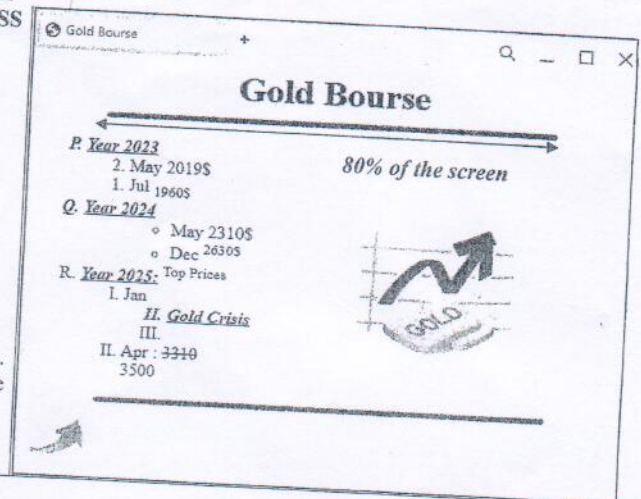

- document.write().
- document.alert().
- prompt().

II- Treat 3 of the following 4 questions: (5 pts/ question)

- Use hexadecimal code or the rgb() function to represent the colors in the exercises below.
- The html pages of the exercises below exist in the folder c:\pages.
- The images used in the exercises below exist in the folder c:\pic.

1- Write the appropriate HTML5 tags and the appropriate CSS properties to obtain as a result the page on the side:

- The page title is "Gold Bourse".
- Gold Bourse:
 - Has the biggest size of titles.
 - Is centered on a gray background(e0e0e0).
 - Has the width 300 pixels with 10 pixels rounded border.
- Horizontal rulers have:
 - The color red.
 - The thickness 5 pixels.
 - 5 pixels rounded border.
- The 1st image "gold.jpg" has:
 - The width 200 pixels.
 - Position absolute (130 pixels from top, 300 pixels from left).
- The 2nd image "top.jpg" is an internal link that points to the beginning of the page and has the width 50 pixels.
- The document is a list.
- Keep the format of the document.

2-Write the appropriate HTML5 tags and the appropriate CSS properties to obtain as a result the page on the side:

- Gold Schedule has the biggest size of titles.
- The table has the following characteristics:
 - A border double with 3 pixels' thickness.
 - 20 pixels rounded border.
 - Distance between cells is 10 pixels.
 - Table is centered.
 - Dimensions 400 x 400 pixels.
- The table title Gold epoch has the following characteristics:
 - At the bottom.
 - Its font size is 22 pixels in blue.
- The table cells have dotted borders 2 pixels' thickness.
- The 1st and the 5th lines have a yellow background (50%red, 50% green) in lowest tonality.
- The 1st image has the address "Onsa.png".
- The 2nd image has the address "Lira.png" and the width 50 pixels.
- Gold prices sends an email to the address "goldprices@hotmail.com".

Gold Schedule			
Gold prices Lebanon			
	2024		2310
			2630
	2025		3310
			3500
		750\$	
Gold epoch			
Gold prices			

3- Write the corresponding HTML5 and JavaScript tags to obtain the page on the side that permits to calculate the total order by using a form:

- Customer Order has the biggest size of titles.
- Customer Name and Number are an input fields.
- Gold product has 4 choices: None, Onsa, half-Onsa, Lira.
- The field Total is read only.
- When the user selects a Gold product or input a Number, the Total will be calculated as follows:
 - o Total=Number x price, if all information is entered and Number is integer.
 - o The price will be specified according to the following price list:

Gold product	Price
None	0
Lira	750
Half-Onsa	1750
Onsa	3500

- When the end-user clicks the button Ignore, the message « Thanks for visiting our site, try to order later » will be displayed.

Customer Order

Customer Name
